

COMMITMENT TO CONSERVATION

STARTS AT HOME

At Koch Industries, we create products that help improve people's lives, and we work to do so responsibly. During our recent headquarters expansion in Wichita, Kansas, we focused on reducing energy consumption, waste avoidance and a more efficient use of natural resources.

RETENTION POND FOR NATURAL WATER SUPPLY

PROVIDES IRRIGATION FOR
50 ACRES OF LAND

2,000
SHRUBS

1,500
TREES

45 ACRES
FESCUE GRASS

5 ACRES
PLANTING BEDS

40 MILLION
GALLONS ESTIMATED ANNUAL USAGE

20 MILLION
GALLONS CAPACITY

REPLENISHED
YEAR-ROUND
— THROUGH —
PRECIPITATION
AND RUNOFF

ENERGY AND WASTE REDUCTION

BOILERS 16%
MORE EFFICIENT THAN
CONVENTIONAL BOILERS

WATER CONSUMPTION ↓ 25%
CONDENSATION CAPTURED AND REUSED
BY BUILDING AIR CONDITIONING

DESIGNED TO MEET
NEW BUILDING ENERGY STAR
EFFICIENCY REQUIREMENTS

NEW BUILDING CHILLERS
EFFICIENT, ENERGY-SAVING
OILLESS CHILLER SYSTEM

LED LIGHTING

LED CONSUMES
56% LESS ENERGY
THAN FLUORESCENTS

LIGHTS TURN OFF
WHEN SPACES ARE UNOCCUPIED

300,000 SQ. FT.
CONVERTED CAMPUS-WIDE

4,496 LED LIGHT
FIXTURES

PARKING LOT
CONVERTED TO LED

NEW BUILDING DAYLIGHT HARVESTING
SENSORS MEASURE SUNLIGHT
LEDs dim to conserve energy

NEW BUILDING 100% LED LIGHTING

ANNUAL RECYCLING

304,500 LBS.
PAPER

81,000 LBS.
CARDBOARD

1,900 LBS.
FLUORESCENT LIGHTS

1,540 LBS.
BATTERIES
