COMMITMENT TO CONSERVATION
STARTS AT HOME

At Koch Industries, we create products that help improve people’s lives, and we work to do so responsibly. During our recent headquarters expansion in Wichita, Kansas, we focused on reducing energy consumption, waste avoidance and a more efficient use of natural resources.

RETENTION POND FOR NATURAL WATER SUPPLY

40 MILLION GALLONS
ESTIMATED ANNUAL USAGE
20 MILLION GALLONS
CAPACITY

REPLENISHED YEAR-ROUND
THROUGH PRECIPITATION AND RUNOFF

PROVIDES IRRIGATION FOR
50 ACRES OF LAND

45 ACRES
FESCUE GRASS
5 ACRES
PLANTING BEDS

40,000 LBS.
SHRUBS
1,500
TREES

ENERGY AND WASTE REDUCTION

BOILERS 16%
MORE EFFICIENT THAN
CONVENTIONAL BOILERS

WATER CONSUMPTION
25%
CONDENSATION CAPTURED AND REUSED
BY BUILDING AIR CONDITIONING

NEW BUILDING
ENERGY STAR
EFFICIENCY REQUIREMENTS

NEW BUILDING
CHILLERS
EFFICIENT, ENERGY-SAVING
OILLESS CHILLER SYSTEM

LED LIGHTING

300,000 SQ. FT.
CONVERTED CAMPUSSWIDE

NEW BUILDING
DAYLIGHT HARVESTING
SENSORS MEASURE SUNLIGHT
LEDS DIM TO CONSERVE ENERGY

NEW BUILDING
100% LED LIGHTING

ANNUAL RECYCLING

304,500 LBS.
PAPER
81,000 LBS.
CARDBOARD
1,900 LBS.
FLUORESCENT LIGHTS
1,540 LBS.
BATTERIES

At Koch Industries, we create products that help improve people’s lives, and we work to do so responsibly. During our recent headquarters expansion in Wichita, Kansas, we focused on reducing energy consumption, waste avoidance and a more efficient use of natural resources.

- **Energy and Waste Reduction**
  - Boilers: 16% more efficient than conventional boilers
  - Water consumption: 25% reduced

- **LED Lighting**
  - 300,000 square feet converted to LED
  - 4,496 LED light fixtures

- **Annual Recycling**
  - 304,500 lbs. paper
  - 81,000 lbs. cardboard
  - 1,900 lbs. fluorescent lights
  - 1,540 lbs. batteries
